INDUSTRY RECALL: BRAGA FRESH ISSUES VOLUNTARY AND PRECAUTIONARY ADVISORY ON BROCCOLI FLORETS DUE TO POSSIBLE HEALTH RISK

Midwest Foods is NOT Associated with this Recall

February 4th, 2025

Braga Fresh is voluntarily issuing an advisory on its broccoli florets, which have a best buy date of December 10th, 2024. The specific product involved are 12oz bags of Marketside Broccoli Florets sold at Walmart stores identified by having a UPC code 6 81131 32884 5 on back of bag. This advisory is being initiated due to possibility of contamination with *Listeria monocytogenes*.

No illnesses have been reported at this time. More information is available at [FDA.GOV](https://www.fda.gov).

Midwest Foods is NOT associated with this recall. This does not affect our operations, as the product in question is not part of our regular offerings. If there was any possibility that a party could have received this product from us, they have been contacted directly.
